SPECIAL NOTICE

This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

CHASE, ALABAMA,
October 10, 1942.

TO THE TRADE:

Our Industry is an essential one to the winning of this War; not essential in the same sense as producing steel, building ships or making guns, but as growers of trees, plants, vines that produce food supplies—fruit, nuts, berries—and as producers of roses, shrubs and shade trees for the beauty, comfort and satisfaction they bring to mankind, we contribute in greater measure than we realize to the building of morale. In the planting, pruning and care of our products, those of us who see the younger men leave for training camps—shortly for the battle fronts half a world away—find a mind-filling occupation that brings relief for the strained nerves and solace for the sad heart.

Get into your old clothes and with pruning saw and shears get that overgrown brush out of your own backyard, those old hedges under control, surplus limbs from the fruit trees, and you will prove our statement correct. We now detour for a moment in order to get a test as to how many firms actually read these announcements. To all who clip and mail us this page by October 20, 1942, we will mail a worthwhile useful gadget. Returning to our theme, we should, every one of us, get behind the Victory Gardens and Shows. Take a tip from our own experience and get the P. T. A.'s of your community to take over the canning of Victory Garden Products for their school cafeterias.

We do appreciate the business you have entrusted to us all these years, and are happy to tell you that we are again in shape to serve you with satisfaction.

Yours very truly,
CHASE NURSERY COMPANY.

ALL PRICES ARE SUBJECT TO MARKET CHANGES**Terms and Conditions****TELEGRAPHIC INQUIRIES**

If you fail to receive a telegraphic reply to a telegraphic inquiry it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

TERMS

1. **Open Accounts (on known or approved credit rating):** Two per cent 10 days; 30 days net.
2. **Cash With Order:**
In lieu of all cash discounts, we pack **Naked-Root stock free when the full payment accompanies order. Note that this does not apply to Balled-and-Burlapped items.**
3. **C.O.D. Orders:**
When ordering goods shipped C.O.D., be sure that at least 25 per cent accompanies order.
4. **Boxes and Bales Extra at Cost:**
Except when Item 2 above applies.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE of 25% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except in Conifers and Broadleaved Evergreens where the "Each" and "Per 10" rates apply.

Prices do not include packing charges (except as noted above under "cash-with-order" terms). For cost of bales and boxes see Page 4.

All prices are subject to market changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given under such heads.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."**

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate, plus the handling charge billed us by transfer companies, and quick through refrigerator car service.

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

Schedule of Box and Bale Charges

	6 to 7½ ft.
30 × 30.....	\$3.50
24 × 30.....	3.00
24 × 24.....	2.75
18 × 24.....	2.25
18 × 18.....	2.00
15 × 15.....	1.75
12 × 12.....	1.50

Longer or shorter boxes will be charged in proportion to above schedule.

Bales: 25c to \$2.50, according to size.

There is no packing charge on bulk car or truck loads.

REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Ala., the Commercial Agencies, and the leading nurserymen of the United States.

Deciduous Shrubs and Trees

In listing plant material we follow **Standardized Plant Names** as far as practical.

We price Per 10 and Per 100. To obtain the lowest published price on naked-root deciduous stock, your order must cover at least fifty plants, and not less than 10 of a variety or grade. Orders for less than 10 of a variety or grade will be invoiced at an **advance of 25% over the ten rate regardless of the size of the order.**

All stock will be well branched, well rooted, and strictly up to the standard grades adopted by the American Association of Nurserymen, except as noted.

NOTE: The figures shown following the description of each variety indicate approximate height at maturity.

MALUS, Flowering Crab-Apple—Tree Form

Flowering Crabs are among the most lovely of spring-flowering trees. Their range of color runs from pure white to a brilliant carmine. Most varieties are abundantly set with showy small apples of a brilliant hue, which carry their value beyond the blooming period into the late summer and autumn. Many varieties have attractive bronze-red leaves. Highly ornamental and valuable in almost any planting. The varieties listed are either Oriental in origin or Oriental hybrids, and not as susceptible to Apple-Cedar Rust as are domestic sorts.

We specify "BB" (Balled-and-Burlapped) where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume the risk of handling such items with roots carefully puddled (NR) may deduct from the listed price according to schedule shown below, and such items as we have not specified "BB" will be dug balled-and-burlapped by adding the amount as per schedule below.

Plants handled "NR" will have every care to protect them from drying out. Roots are carefully puddled in mud as dug, and we use damp sphagnum moss for packing material, shipping the plants in ventilated cases.

CONIFEROUS EVERGREENS

All of these Conifers are grown from cuttings, and transplanted in the field at least twice, except those marked "Pots," meaning grown in pots of the size specified. These field-grown plants, much stronger than bed or frame-grown stock, will be puddled in mud as dug, and the roots carefully packed in sphagnum moss. Potted stock will be shipped in paper pots of the size specified unless we are instructed to shake out.

TERMS ON SUPPLIES

CASH WITH ORDER. Short profits and heavy investment compel quick cash. C.O.D. shipments satisfactory to us, but always expensive to you because of fee and return charges. CASH WITH ORDER just as easy, saves book-keeping — economical for us both.

DUE TO WAR NEEDS IT MAY BE IMPOSSIBLE TO REPLACE SOME ITEMS WHEN PRESENT STOCK IS EXHAUSTED.

EVERY ITEM TESTED

We use every item of these Supplies in our own nursery work. Some are made to our specifications. All are the best value we can find—and we have been hunting the best for over FIFTY YEARS.

Each item is numbered for your convenience in making up orders—the number is all we need. Please add for postage on items priced f.o.b. Chase—guess liberally. Any difference either way, to be adjusted.

26. DIBBLE:

For "dibbling in" (planting) young pips, seedlings, etc. A very useful tool. Now made with pistol grip; overall length 11 inches; steel point is 5 inches long, tapering from 1¼" diameter.

Each, postpaid \$ 1.25
Dozen, f.o.b. Chase..... 11.00

27. FORK, English Model:

If you have never used this English style spading-digging fork, you should do so. Has square tines instead of the old style man-killing flat tines; is far easier on the operator. Costs a little more, worth a lot more. Fork, shank and strap in one piece of steel.

Each, f.o.b. Chase..... 2.65
Dozen, f.o.b. Chase..... 30.00

29. AMES NURSERY SPADE, Metal Handle:

Genuine Oliver Ames Nursery Spade with steel straps full length. Handle of reinforced metal with wood grip. Weight 7½ pounds. The tapered blade is 7½ inches wide at top, 5½ inches at point, cut from one thickness of heavy steel.

Per Pound, in 50-lb. boxes.....		.11 $\frac{1}{2}$

34. BURLAP:

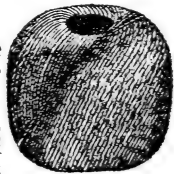

Due to world war conditions new burlap is so high, used stock so scarce and supply so uncertain, we cannot offer it this season. If

you are up against it, write us; we may be able to help you out.

35. CORDAGE-WOOL TWINE:

The same high grade wool twine that we have handled and used for years. Best for tying in bunches. For fruit trees and heavy stock, use 4-ply. For bunching small fruits, roses, etc., the 3-ply is plenty strong, and of course carries greater yardage per pound.

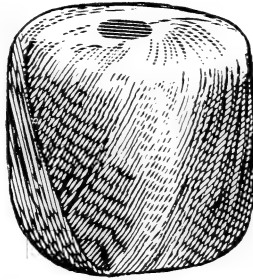

Packed in bales of 110 pounds each.

Per Pound, 4-ply small lots (in 1-lb. balls)26
Per Pound, in full bales.....		.23

3-ply takes an advance of 1 cent per pound over 4-ply.
